# Summertime in Riga!

Riga Technical University an internationally recognized with its more than **25 years** of outstanding experience in providing engineering study programmes taught fully in English offers English Language Intensive Summer School programme.

**C**ourse is designed to improve the English language learners' communication level so they can use it for everyday life, work or study. During this course scholars increase their English fluency and accuracy in spoken skills.

The English course has been designed as a foundation course for future studies in Europe. Acquired English knowledge will develop your communication skills and grammatical accuracy of speech.

The course is provided by native speakers and professional academic staff of Riga Technical University, Institute of Applied Linguistics. Upon successfully completed course students will be awarded with 4,5 ECTS and certificate on completion.

## KEY ASPECTS OF LEARNING

- Improve your all-round English language ability and develop your fluency and communication.
- Practise the English language through discussions, debates and conversation activities, such as role-play and pair-work
- Focus is on the individual needs and on those who want to make fast progress and become more confident in speaking.

## ROLE OF SCHOLARS:

- Work in interactive classes
- Specific interest for learning
- Comprehend and be self-confident
